Pam O'Connor is funded by Developers

Only Pam O'Connor says "yes" when City Council candidates are asked if they'll take campaign money from developers. Residocracy Forum, 7/29/14

Pam O'Connor has NEVER voted against a large development in 20 years on City Council.

Does money buy political influence?

"In 2010, Santa Monicans for Quality Government (developer-funded group) spent \$445,000 on deceptive mailers... in support of Davis, Bob Holbrook, O'Day, and **Pam O'Connor...**"

SMDP, 8/14/13, Santa Monica Transparency Group

The Facts About Pam O'Connor*

- **Championed the massive Hines project even AFTER a successful voter referendum**
- **Takes money from developers BEFORE and AFTER voting for their projects**
- **Voted to reward developers with lucrative projects who evicted tenants and destroyed rent-controlled housing**
- **Just in the last four years approved projects which would add 20,000 daily car trips to our roads**

With over 40 large developments in the pipeline, we can't afford four more years of Pam O'Connor.

Santa Monica Coalition for a Livable City is a nonprofit, all-volunteer group of residents concerned about overdevelopment, the influence of developer money on our elections, and the transparency of local government.
